Call to sessions

Researchers, associate professors and doctoral students can propose a session. Proposals should be no more than one page long, and should include a title, a presentation of the theme and a few bibliographical references on the subject of the session. Sessions can be submitted until November 24, 2023, before being evaluated by the scientific committee.

Abstract submission and selection

Authors must submit their abstracts or posters on the conference website by January 19, 2024 (<http://aic2024paris.sciencesconf.org>): 1 to 2 pages, with a possible figure and less than 6 bibliographical references. Presentation instructions will be given in the 2nd circular. Participants may present only one abstract as first author.

Following the scientific committee's review process, abstracts will be selected. Authors will be notified in early March 2024. Associated abstracts will only be published in the conference proceedings once the first author has paid his/her registration fees.

Oral sessions and posters

Presentations will be either oral (15 min plus 5 min discussion) or poster.

Official languages of the conference

French and English

Further information

The second circular will be issued on December 11, 2023. The third circular will come with the definitive scientific program on June 05, 2024.

Additional information on the conference (accommodation, excursions, social events, etc.) will be posted on the conference website. The conference dinner will take place on Thursday evening, and a scientific excursion on Saturday. Individual participation in both will be required in addition to the registration fees.

Registration

The registration fee includes access to the conference, the delegate file, the conference proceedings on a USB key, coffee breaks and three lunches.
